

## **Our successor: Meyer Industrie Electronic GmbH**

Spiesheim / Lengerich, November 28, 2023

Ladies and Gentlemen

After more than 40 years of trusting cooperation with you as our suppliers, we have now decided to retire.

We are pleased to have found a suitable successor: with Meyer Industrie Electronic GmbH we found a successor with a large customer base, big projects and a very motivated team.

The employees of Meyer Industrie Electronic GmbH will be trained in the processes until December 20th. The change will then follow over the Christmas period, so that everything will work as usual on January 1, 2024. You will then reach the employees of Meyer Industrie Electronic GmbH via the usual contacts (telephone, email, web forms). To ensure a smooth transition, we will transfer your data to Meyer Industrie Electronic GmbH. If you do not wish this, please inform us by December 20, 2023.

Orders until December 31, 2023 will be processed and paid for by Schmidt Mess- und Regeltechnik. All orders from January 1, 2024 will be processed and paid for by Meyer Industrie Electronic GmbH.

For further inquiries, we are happy to help you:

- Mr. Schmidt, Schmidt measurement and control technology
- Mr. Meyer, Meyer Industrie Electronic GmbH

We would like to thank you for the good and trusting cooperation over many years and ask you to support our successor as well.

Sincerely,

Detlev Schmidt
